**The Bioinformatics European Research Area (ERA) Chair Lecture Series** are organized by the Bioinformatics ERA Chair at The Cyprus Institute of Neurology and Genetics (CING). They have been started and initially supported by the project BIORISE funded from the European Union’s Horizon 2020 research and innovation programme. The major objective of this kind of lectures is to bring distinguished scientists to present state-of-the-art research in the fields of Bioinformatics and Medical Informatics to the academic community of Cyprus.
